

DEAR COLLEAGUES!
September 15-18, 2020
Ekaterinburg

**XV INTERNATIONAL
EURASIAN SYMPOSIUM
"Woodworking:
Technologies, Equipment,
Management of the XXI century»**

**The Symposium will be held
within the framework of the Eurasian
Forest-based Industries Forum and
Specialized Exhibitions Week GRAND
EXPO-URAL on the basis of IEC
"Ekaterinburg-Expo" and the Ural State
Forest Engineering University with the
active cooperation of the Government of
the Sverdlovsk region, LLC "IEC-Ural"
and LLC "Deutsche Messe".**

The main topics will be discussed:

1. Efficiency and competitiveness of forest enterprises.
2. New technological solutions for wood harvesting, processing and finishing.
3. Woodworking for low-rise and industrial housing construction.
4. Progressive woodworking equipment and tools.
5. Safety and environment issues in wood processing.
6. Problems of professional education and engineering in woodworking.

*The following types of production
will be considered:*

- Harvesting, bucking, sorting, storage, debarking and preservation of raw wood.
- Sawmilling, sorting, drying and protection of sawn timber, complex use of hard and low-grade wood, and waste wood utilization.
- Joinery and construction products: windows, doors, profiled parts, parquetry.
- Furniture production, materials and accessories; adhesives, varnishes, paints.
- Production and transportation of technological chips, chemical treatment of plant raw materials.
 - Production of chipboard, plywood, fiberboard, medium-density fiberboard, wood plastics and composites.
 - Modern wooden housing construction: design and technologies.
 - Production of consumer goods from wood: skis, matches, pencils, musical instruments, toys, household equipment, craftwork.

SYMPOSIUM PAPERS

will be posted on the website <http://symposium.forest.ru> and published in the Proceedings. All scientific articles prepared with the participation of USFEU authors will be included in the Russian Science Citation Index (RSCI).

*The Symposium Program includes a tour
around specialized international exhibitions
"EXPOMEBEL-URAL" and "LESPROM-URAL
Professional»*

REGISTRATION

Participants are required to send a registration form **by May 20, 2020** (in electronic or printed form) for the official program of the Symposium, the website of the Symposium and the Proceedings.

Registration form

Surname	First name
Second Name	Position
Academic degree	Academic title
Paper title	
Telephone number	E-mail
<i>For participants</i>	
Organization	
Address (zip, country, city, street, house, office)	
Hotel (yes/no)	Visa (yes/no)
Signature	

PAPER SUBMISSION

1. All scientific articles should be submitted in electronic form (CD or by e-mail).
2. The length of the scientific article is up to 6 A4 pages (including figures, tables, and a bibliographic list). One author can participate in no more than 3 scientific articles.
3. Microsoft Office Word (1997-2003): font-Times New Roman, size-12, line spacing - 1, width alignment, automatic hyphenation, no hanging lines, paragraph indents - 1.25 cm, margins: left -3cm, right- 2cm, top-2cm, bottom -2cm.
4. Formulas are typed in the formula editor Microsoft equation, version 3.0 and higher; figures are typed in the text editor.

5. The scientific article should contain: UDC index, authors' surnames and initials; abbreviated name of organization, city, country (in italics, in round brackets); e-mail address for correspondence; title of scientific article in Russian and English.

6. Figures, tables, and formulas should be numbered. Figures and tables should have captions (for figures-below, for tables – above). The main text of the scientific article should be supplied with references to bibliographic sources; the bibliographic list - according to GOST R 7.0.5-2008.

7. Figures are additionally attached in separate files in JPEG, BMP format with numbers (fig1, etc.).

8. The abstract summary should be written in Russian and English (at least 200 characters).

The scientific articles should comply with requirements mentioned, otherwise they may be rejected.
